YOUNG REPUBLICANS OF IDAHO

X: @YRofIdaho

FOR IMMEDIATE RELEASE **November 23, 2026**

We Will Appeal Our Unjust X Suspension

BOISE, Idaho — Our X account, @YRofIdaho, has been suspended. This suspension is unjust.

We were targeted by RINO accounts that sought to suppress our pro-American messaging. We are young Idahoans who love our state and our nation, and we will not apologize for saying so.

Our message clearly resonates with young people in Idaho. That is why it was targeted.

We have always been honest about who we are. We made very clear in our bio and in our replies to questions that we are not affiliated with the Young Republican National Federation.

We will be appealing the suspension. Until our account is restored, we will keep speaking up for young Idahoans.

This is about more than one account. The Republican Party must bring the next generation into the fold, or we will permanently lose to the leftist machine that is coming for us. The next generation of Idahoans wants a movement that takes it seriously. We intend to be the voice for our generation.

We are not going anywhere.
